Ministry of Science, Technology and Tertiary Education

BECOME SKILLED, CERTIFIED AND EMPLOYABLE

Unemployed nationals between the ages of 18-50

Multi-Sector Skills-Training (**MuST**) Programme.

MuST is a work-based specialized craft-training programme that seeks to develop competent workers within key sectors of the national economy.

Phase I of the MuST programme will train participants as **General Construction Workers** within the Construction Sector.

Trainees will receive their training at actual Construction sites throughout the country. Trainees will be assessed and **certified** to National Occupation Standards (NOS) and will be awarded Unit certificates for competent performance.
